

Deltagare Forskarskola i klinisk psykiatri 2005 - 2015

Andersson Erik

Disputerade 2014. Titel: Enhancing cognitive behavior therapy in the treatment of obsessive-compulsive disorder

Andersson Evelyn

Halvtidskontroll 2014. Titel: From DNA to Therapy – Predictors, Candidate Genes and a Gene x Environment study with national register data

Andreou Dimitrios

Disputerade 2015. Titel: Molecular genetic studies on cerebrospinal fluid monoamine metabolites in psychotic patients and healthy individuals

Arvidsson Michel

*-

Axfors Cathrine

-

Beckman Karin

Halvtidskontroll 2015. Titel: Prognosis after self harm and suicide attempt in adolescents and young adults- death, morbidity and social integration

Bendix Marie

-

Bergström Jan

Disputerade 2010. Titel: Internet-based Treatment for Depression and Panic disorder: From Development to Deployment

Barnevik Olsson Martina

-

Bjureberg Johan

-

Björn Angelin

-

Bonde Sabina

-

Brenner Philip

Halvtidskontroll 2015. Titel: Psychiatric comorbidity in multiple sclerosis: biological and epidemiological aspects

Bubak Isidora

-

Carlborg Andreas

-

Chatzittofis Andreas

Halvtidskontroll 2014. Titel: Neuroendocrine studies in suicide attempters and in hypersexual disorder

Dhejne Cecilia

-

Eckerström Joachim

-

Edberg Hanna

-

Ek Mats

Disputerade 2015. Titel: Paternal Age as a Risk Factor for Schizophrenia in Offspring

Ekman Carl Johan

-

Enander Jesper

Disputerade 2015. Titel: Etiology, prevalence, and development of a novel treatment for body dysmorphic disorder

Fagerberg Tomas

-

Fäldt Jonas

-

Ginsberg Ylva

Disputerade 2012. Titel: Attention deficit hyperactivity disorder in prison inmates

Gosai Kim

-

Grevsten Valeria

-

Guterstam Joar

-

Haglund Axel

Disputerade 2015. Titel: Suicidal Behaviour in Three High-Risk Populations - Epidemiological and Clinical Cohort Studies

Hedman Erik

Disputerade 2011. Titel: Internet-based cognitive behaviour therapy for social anxiety disorder – From efficacy to effectiveness

Idrizbegovic Selma

Jakobsson Kristina Sygel

Halvtidskontroll 2013. Titel: Women as perpetrators and victims in forensic psychiatric and prison/probation contexts

Johansson Anette

Disputerade 2012. Titel: Sex Steroids and Gene Variants in Bipolar Disorder

Johansson Christian

-

Johansson Viktoria

Disputerade 2015. Titel: Biological markers in cerebrospinal fluid in twins with schizophrenia and bipolar disorder and comorbidity with multiple sclerosis

Jokinen Jussi

Disputerade 2007. Clinical studies of biomarkers in suicide prediction

Kakko Johan

Disputerade 2009. Titel: Maintenance Treatment of Heroin Addiction

Kark Tomas

-

Khemiri Lotfi

-

Konradsson Per

Halvtidskontroll 2014. Titel: Mentalization in borderline personality disorder with concurrent substance addiction

Konstenius Maija

Disputerade 2013. Titel: ADHD in substance use disorders prevalence and pharmacotherapy

Kosidou Kyriaki

Disputerade 2013. Titel: Mental ill-health in contemporary young adults

Kyaga Simon

Disputerade 2014. Titel: Creativity and Psychopathology

Lenhard Fabian

Halvtidskontroll 2015. Titel: Internet-delivered Cognitive Behavior Therapy for Adolescents with Obsessive-Compulsive Disorder

Liberg Benny

Disputerade 2013. Titel: Psychomotor disturbances in bipolar disorder - investigations using structural and functional neuroimaging

Lind Juto Kristina

-

Lindh Åsa

-

Ljotsson Brjann

Disputerade 2011. Titel: IKBT för irritable bowel syndrome

Lundh Anna

-

Magnusson Anette

-

Manouilenko Irina

Disputerade 2013. Titel: Autism spectrum disorder in adults - biological dimensions

Martinsson Lina

Halvtidskontroll 2014. Titel: Biomarkers for Lithium response in Bipolar disorder

Mattsson Patrik

Halvtidskontroll 2014. Titel: Molecular imaging of biomarkers of neuropathology, neurotransmission and neuroinflammation in Alzheimer's disease

Månsson Mattias

-

Månsson Kristoffer

-

Nguyen Ane

-

Nord Magdalena

Disputerade 2014. Titel: PET Studies on the Mechanism of Monoaminergic Drugs

Olsson Eric

Halvtidskontroll 2013. Titel: Schizophrenia-metabolic changes and pharmacogenetics

Pahnke Johan

-

Pankowski Sara

Halvtidskontroll 2016. Titel: Psychological treatment for adults with bipolar disorder- effects on burden of disease, function and quality of life

Pauli Malin

-

Rahm Christoffer

Disputerade 2013. Titel: Negative and cognitive symptoms of schizophrenia. Investigations of patients and healthy controls using magnetic resonance imaging

Rydén Eleonore

Disputerade 2010. Titel: Attentiondeficit hyperactivity disorder in bipolar disorder

Rydén Göran

-

Sahlin Hanna

Halvtidskontroll 2016. Titel: Non-suicidal self-injury – characteristics, clinical correlates and interventions

Sellgren Carl

Disputerade 2014. Titel: On neuroinflammation in psychotic disorder

Sklivanioti Myrto

-

Skoglund Charlotte

Disputerade 2015. Titel: When ADHD and substance use disorders coexist: Etiology and Pharmacological Treatment

Stefánsson Hallur Jón

-

Stjernqvist Tobias

-

Stålhandske Amanda

-

Svensson Anna-Karin

-

Tiger Mikael

Disputerade 2014. Titel: PET studies of the serotonin system in major depression and its treatment

Törn Peggy

-

Wahlund Katarina

Disputerade 2010. Titel: Offenders with mental disorder: Psychosocial and neurobiological aspects

Wallhed Finn Sara

-

Zander Eric

Disputerade 2015. Titel: Standardizing diagnostic assessment of autism spectrum disorder - assets and challenges
